

# Method of using TSK cable searching system.

Website Address: [http://www.tskenko.com.tw/en\\_tskcable.php](http://www.tskenko.com.tw/en_tskcable.php)

Before you begin----

- 1) Upper and lower case in words does not affect the search result.
- 2) A "space" means "AND". Example UL△2464△20AWG△4C. △means a space in the searching box.
- 3) "mm" or "mm2" can not be used in the search system.

Examples :

## 1. Search for UL STYLE PAGE(2464)

Please Input Keywords to Sreach :  
  In Stock★  Customized Products※  No Stock☆

Or you can key-in "ul 2464."

## 2. Search for UL STYLE PAGE, AWG and number of core.

Please Input Keywords to Sreach :  
  In Stock★  Customized Products※  No Stock☆

Or you can key-in "UL 20276 22AWG X4C"

## 3. Search for SQ (Cross-section area)

Please Input Keywords to Sreach :  
  In Stock★  Customized Products※  No Stock☆

Or you can key-in "14sq"

## 4. Search for SQ and number of core.

You can key in "4C 22AWG", "22AWG 4C", "4c 22awg", or "22awg 4c"

Please Input Keywords to Sreach :  
  In Stock★  Customized Products※  No Stock☆

\*NOTE: If search for 4C, the result may be show "4C", "14C", "24C", ...

## 5. Search for "NAME" and number of core

NAME:VV, VV-SB, VV-SS, VV-AS, .....

Please Input Keywords to Sreach :  
  In Stock★  Customized Products※  No Stock☆

## 6. Search for conductor's structure and number of core

Please Input Keywords to Sreach :  
  In Stock★  Customized Products※  No Stock☆

That will be shown 20/0.18AC and 20/0.18TA, core numbers might be 2C, 12C, 22C, 32C, etc.

If you would like to know which cable item is "In Stock", when you search for the keyword, you can click the option of "In Stock" icon. It will narrow down your searching list to only the stocked item. This method applied to another two options, which are "customized products" and "no stock".
